

Limited Warranty for Prime Home Battery of LG Energy Solution

This limited warranty (hereinafter “**Warranty**”) specified below applies to LG Energy Solution Lithium-ion battery and the Accessory Component (hereinafter “**Products**”) manufactured by LG Energy Solution, Ltd. (hereinafter “**LG Energy Solution**”), purchased by End-users (hereinafter “**Buyer**”) through an authorized sales channel (hereinafter “**Reseller**”) and installed by an installer who holds a certificate issued from LG Energy Solution for Prime Products (“**Certified Installer**”).

This Warranty is provided for the Products below.

Product Model	Model Code
10H Prime	EH153064P8S1
	EH153064P8S8
16H Prime	EH257064P8S1
	EH257064P8S8

1. Purpose

The primary purpose of this Warranty’ is to clearly define the matters related to the warranty policy of the Products.

2. Buyer’s Obligations

2.1 Buyer shall use and maintain the Products in accordance with documentation including the Attachment 1 (Battery Technical Specifications) provided by LG Energy Solution.

2.2 Buyer shall comply with all precautions specified in documentation provided by LG Energy Solution.

2.3 The Products shall be charged only through compatible inverter connected to PV or Grid. In order to maintain minimum charging state, the Products must be connected to the Grid. When the Products are installed where Grid is not connected, the Warranty will be voided.

2.4 The Products require using an approved, compatible inverter. When the Products are installed with a non-approved inverter, this Warranty provided by LG Energy Solution will be voided.

For a list of compatible inverters, Reseller or Buyer can visit the official Battery Website of LG Energy Solution by the URL below and check the ‘Home Battery’ > ‘Product Info’ menu.

<https://www.lgessbattery.com/au> (Australia)

2.5 Any person performing installation and maintenance of the Products must have the appropriate electrical qualifications and licenses for battery installations required by the country, and the state in addition to being a Certified Installer.

3. Product Warranty

LG Energy Solution will replace or repair any defect in the Products subject to the terms of this Warranty including the exclusions set out in Articles 7, 8 and 9 (“**Product Warranty**”). The Product Warranty shall begin either (i) on the date of the installation or (ii) thirty-six (36) months from the date of manufacture, whichever occurs first, and such Warranty shall be valid for a period of ten (10) years. The Product Warranty period for the repaired or replaced Product shall be followed in accordance with Article 6.2.

4. Performance Warranty

4.1 LG Energy Solution guarantees energy retention (70%) at the earlier of (i) the end of Warranty period (10 years) or (ii) when the aggregate energy throughput is met as setout below, including the exclusions set out in Articles 7, 8 and 9, provided that the battery systems are operated under the conditions set forth in Attachment 1 (‘Battery Technical Specifications’) (“**Performance Warranty**”).

The Performance Warranty shall begin to take effect either (i) on the date of installation or (ii) thirty-six (36) months from the date of manufacture, whichever occurs first. The Performance Warranty period for the repaired or replaced Product shall be followed in accordance with Article 6.2.

Application	Warranty Period	Aggregate Energy Throughput
Residential storage for solar self-consumption or back-up	10 years from warranty term commencement date	16H Prime: 54MWh 10H Prime: 32MWh

4.2 The value of aggregate energy throughput and energy retention (70%) shall be measured on the following conditions by LG Energy Solution:

Capacity measurement condition:

- Ambient temperature : 25 ~ 30°C (77-86°F)
- Initial battery temperature from BMS : 25 ~ 30°C (77-86°F)
- Charging/discharging method :
 - Charge: 0.3CP/CV, Cut-off current 0.05C at:
 - 10H Prime: 174.3V(BPI*) 16H Prime: 290.5V(BPI*)
 - Discharge: 0.3CP, Cut off voltage at:
 - 10H Prime: 126V(BPI*) 16H Prime: 210V(BPI*) or cut-off min. cell voltage 3V
- Current and voltage measurements taken at battery side (BPI*)

* BPI : Battery Power Interface

5. Warranty Claim

5.1 The Buyer shall notify or contact, within 1 month, their Reseller or LG Energy Solution if the purchased or installed Products are found to be defective, damaged and/or when the quality-related problems occur by using the Contact point in Article 10.

5.2 If the Buyer intends to raise a claim due to the quality defect of the Products pursuant to Articles 3 or 4, the Buyer shall provide LG Energy Solution with the following information.

- (1) Dated proof of purchase from authorized LG sales channel

For authorized LG sales channel information, Reseller or Buyer can visit the Battery Website of LG Energy Solution by the URL below and check the 'Home Battery' > 'Where to Buy'.

- (2) <https://www.lgessbattery.com/au> (Australia)

Description of defects, symptoms and when it occurred

- (3) Product(s) serial number (The Products have each serial numbers.)

- (4) a) Battery Module #1 b) Battery Module #2
c) BCU (Battery Control Unit)

- (5) Further information requested by LG Energy Solution to determine the defect and its cause (for example, error code, description of defect and other information)

- (6) The name, company name and company address of the Certified Installer and/or the Reseller

5.3 LG Energy Solution shall identify the defect notified by the Buyer, and repair or replace if the defect would be covered by the Product Warranty set out in Article 3 or the Performance Warranty set out in Article 4 in accordance with the terms of this Warranty.

6. Replace or Repair

6.1 When a claim is submitted under the Product Warranty or Performance Warranty to LG Energy Solution, LG Energy Solution shall decide whether to (i) repair, or (ii) replace the defective Products with refurbished parts equal in value.

6.2 The Product Warranty period and Performance Warranty period for the repaired or replaced part/Product shall be the remainder of the warranty period for the original part/product.

6.3 Subject to the requirements of any applicable law, no obligation for LG Energy Solution to indemnify or compensate the 'Buyer' for any damages which shall arise out of Product Warranty or Performance Warranty unless otherwise explicitly specified herein.

6.4 The Warranty for defective Products is only valid when the defective Products have been repaired or replaced by personnel appointed by LG Energy Solution.

In the event the Products are no longer commercially available, LG Energy Solution, at its option, may complete the replacement with alternative equipment deemed to be equivalent in function and

performance, or refund the remaining depreciated value of the purchase price of the Products during the Warranty period as set out in the Compensation Scheme below. The purchase price of the Product is defined by the price paid, in local currency, by the Reseller or Certified Installer.

- Compensation Scheme (For Performance Warranty) -

- Residual value in [Local Currency] = purchasing price in [Local Currency] / 120 x (120 - Operation time after installation in month)
- No warranty of performance will be provided from the 121st month

7. Exclusion for Failure to Connect to the Internet or Failure to Register the Product

In order to provide the Warranty for the full Warranty period as set out in Article 3 and Article 4, LG Energy Solution requires the ability to perform the remote firmware updates. From time to time during the Warranty period without notice to you, LG Energy Solution can provide important firmware updates when the Products are connected to the Internet and these remote updates may interrupt the operation of the Products for a short period.

When the Products are not connected to the Internet or not registered in the RESU Monitor website (<http://resumonitor.lgensol.com>), and LG Energy Solution cannot provide important updates for the Products, LG Energy Solution may not be able to honour the full Warranty. However, LG Energy Solution will provide the Warranty for at least five years notwithstanding lack of registration and/or internet connection. Please also note that the registration process will request you for accepting of collecting personal information.

8. General Exclusions

This Warranty does not apply to any defects or performance failures of the Products comprising or resulting from any of the following:

- When the Products are not installed as specified in the installation manual provided by LG Energy Solution.
- When the Products are installed by a person lacking the appropriate electrical qualification and license/certificate for the battery installation required by applicable law, including country and state jurisdictions.
- When the Products are not purchased through authorized sales channel designated by LG Energy Solution.
- When the Products are not installed and/or serviced by the Certified Installer of LG Energy Solution.
- When the Products are not manufactured by LG Energy Solution.
- When the Products are transported, stored, installed, assembled, tightened, or wired out of compliance of the official Installation Manual and datasheet of the Products.
- When the Products are disassembled or dismantled without prior consent of LG Energy Solution.
- When the Products are damaged by physical or electrical stresses such as, inclusive but not exclusive of, inrush current, lightning, flood, tidal wave, fire, or incidental damage.
- When the defect or performance failure occurs and the scope of the defect or performance failure expands due to improper repair of the Products carried out by technicians who are not approved by LG Energy Solution and/or instructed by the Buyer without the consent of LG Energy Solution.

- When the defect or performance failure occurs in the Products due to the wilful misconduct or negligence of the Buyer or Reseller.
- When the defect or performance failure occurs due to the misuse, faulty use, or negligent use of the Products.
- When the Products are used for the purposes other than the Application under Article 4 and Attachment 1.
- When a claim is raised for the Products after the Warranty period specified in Article 3 and Article 4 has expired.
- When the scope of the defect or performance failure has expanded because LG Energy Solution or the Reseller were not notified of the defect or failure in the period specified in Article 5.
- When the defect and/or any expanded scope of the defect are caused by force majeure events, such as war, riot, civil war, natural disasters, etc., that are not wholly or predominantly attributable to the acts or omissions of LG Energy Solution.
- When the Products are externally damaged but its performance and function are not affected.
- When the Products are damaged during the transportation from the Reseller to the Buyer.
- When the Buyer or Reseller violates applicable law, including laws or regulations of the state, country or local government while using the Products.
- When a claim for the Products is not raised as prescribed in Article 5.
- Other defects and performance failure not attributable to LG Energy Solution and up to the extent general exclusions are permitted under the applicable laws.

9. Special Exclusions

9.1 Exclusion of Warranties

The Warranty will not apply if the Buyer violates any of the following provisions:

- The Products shall not be used in facilities with radiation control, nuclear reactors, and facilities related to nuclear safety or nuclear power uses, as well as facilities that may have direct contact with patients.
- The Products shall not be used to power medical devices or life-support equipment.
- The Products shall not be used or installed in a location where vibrations may occur. For example, aircraft, ship (vessel, boat, yacht), car or train are not allowed.
- The Products shall be only used for residential stationary storage applications.

9.2 Exclusion of Incidental or Consequential Damages

- To the maximum extent permitted by applicable law, in no event will LG Energy Solution or any of its representatives be liable to Buyer for any incidental or consequential damages arising out of breach of the warranty whether or not the Buyer has been advised of the possibility of such damages.

9.3 Disclaimer of Implied Warranties

- The warranty set forth herein is in lieu of, and Reseller expressly disclaims all other product warranties of any kind whatsoever whether express, implied, statutory, arising by course of dealing or performance, custom, usage in the trade or otherwise, any warranty of merchantability, or fitness for a particular purpose, and in any event no such implied warranty has applicability beyond the time period covered by this warranty.

10. Contact

If the Buyer has any questions or wants to file a claim, the first step is to contact the Reseller. And the Reseller shall contact LG Energy Solution using the following contact information.

Australia	Telephone	1300 178 064
-----------	-----------	--------------

11. Applicable law

The Warranty is governed by the law of the country or state or jurisdiction in which the Buyer resides. This Warranty only applies to the Buyer who has purchased the Products for his or her own use.

12. Applicable Countries

This Warranty is applicable only in the countries listed as below. LG Energy Solution is not responsible for any claims against this Warranty made in and/or based on the event occurred in any countries other than listed herein. Due to the limited service scope, this warranty is not applicable in constituent countries of the listed countries.

- Australia

This 'Warranty' gives you specific legal rights, and you may also have other rights which vary from according to jurisdiction. Some States do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. Some States do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a repair, replacement, or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.
